OUT AGAINST HIM.

The Jefferson City (Missouri) Metropolitan the leading Democratic Journal of that State is out against General Taylor with great fero-city. It has a long article in its number of the 13th instant for the purpose of showing that he is the candidate of the Whig party for President, and therefore-to use the Metropolitan' own language "of the Mexican anti-wat, peace party of the United States." The article dis, cusses with great flippancy the old Hero's qualifications for the Presidency, and comes to that he is unfit for the station Union will, of course, reg of the Democratic whelp of Missouri.

Strike among the Brickmakers - There has been a general strike among the brickmakers of Pittsburg for an advance of wages. Moulders demand \$30; wheelers and temperers \$23; brick take carers \$22; and off bearers \$16 per month This is an advance of \$3 per month on their previous prices.

The Trenton Resolutions .- The resolutions which General Taylor's letter of the 21st of une is an answer, and which we published on the 20th instant, are strong Whig resolutions. The following one is the pivot upon which they turn :

Resolved. That the character of Gen. Taylor for plain spoken honesty, assures us that he will never disappoint the expectations nor betray the confidence of his countrymen; that his past political course is a guarantee of the soundness of his principles; and that it au-thorizes us to confide in his fidelity to the pro-tective system, and his opposition to the ac-quisition of new territories wherewith to de-stroy the balance of the old Union.

And the next and last resolution declared hat therefore the meeting nominated him for President. What will the Democrats and no party men say to this?

GENERAL TAYLOR AND THE LOCO-

FOCOS moang to add o Meetings were held by the Locofocos in the seve al wards of Baltimore on Monday the 19th instant. In the 10th ward Mr. G. G. Belt offered the follow

ing resolutions:

1. Resolved, That the Democrats of the the 10th ward appreciate in the highest degree the achievements of General Taylor and his brave and gallant followers, and feel most grateful to them for the glory won, and the services rendered to the country. 2. Resolved, That Gen. Taylot through life has proved himself a man of the sternest integrity, of devoted patriotism, of sound common sense, and of a cool discriminating judgment—qualities which eminently commend him to the people at the next election for President of the United States.

The official report of the proceedings, pul he Argus of last evening, and signed by T. P. Scott hairman and M. N. Falls as secretary, says:

"A separate vote upon the two sesolutions being asked for, the first was carried unanimously, and the second rejected, by a vote of 25 in the negative to 6 in the affirmative."

And thus have the Locofocos in this city declar nselves against Gen. Taylor! Be it so. The cople will take care of him, despite this oppo

MILL BURNT .- Dawson's steam flour mill Lagrange, Illinois, was totally consumed by fire on Montlay night, the 12th instant. It is supposed to have been set on fire, in the third story, as it was there that fire was first discoved. It is said to be insured in the sum of \$4,000.

HEAVY ROBBERY.—In Pittsfield, Pike counry, Ill., a man was robbed of \$2,700. A fellow called Carthney, was arrested on suspicion of being the tobber.

The Presbyterian Board of Foreign Missions during the year ending May, 1847, received \$93,600; being an increase over the receipts of the previous year of \$12,700.

Cotton Crops .- The Southern papers abound just now in accounts of the condition of the cotton crops. The burden of the song is favorable to an abundant yield.

Braxton's Cases .- Mr. Braxton had prepared for the press says the Fredericksburg News condensed history of all cases reported since the organization of our State courts, in a work reaching three large octavo volumes. It is said by those who are judges, and have reviewed it, to be ably compiled, and of great aid to the bar. His health for the last twelve months prevented its being published-but we presume it will soon be given to the public.

THE CHEROKEE COMMISSION.

To the Editor of the National Whig: In the Philadelphia Ledger of the 5th July,

correspondent writing from this city says-"In regard to the Cherokee Board of Con ission, which is about to expire, I can only serve, that it has gone through an immense mount of business in a very short time, and the work done reflects credit on Benjamit Brewster, Esq., of your city, and Genera larden, Commissioners, as well as upon the

er.

"The Board organized late in July, 1846, and has therefore not yet been a full year in session. It had before it above 1,300 cases, session. It had before it above 1,500 cases, several of which received long, learned, and logical decisions, in which great legal acumen has been manifested, so as to put the questions perpetually at rest. The minutes have been kept in a very neat and systematic manner, and will serve as a perpetual memorial of the settlement of that troublesome business."

Everything contained in the above extract elative to the faithful discharge of duty by the ndustrious Secretary, Mr. Miller, is well deerved, and must meet the approval of all who have had business with the Board. But lest silence should be construed into an admission of the credit given to Messrs. Brewster and Harden, it is proper to state that this complinentary notice, inserted in the Philadelphia Ledger by their own contrivance, doubtless is wholly undeserved. For the present, it is only necessary to state that, at the next session of Congress, application will be made for committee to examine into the conduct of hese self-laudatory commissioners, and to investigate certain charges to be then brought against them, which, if true, will manifest that their conduct has been disreputable to hemselves, as men and lawvers-inconsistent with the character of judges-unjust to the Indians-and discreditable to the Government of the United States, whose good faith and ntegrity they have compromitted.

The correspondent of the Ledger says that the Board has gone through an immense mount of business in a very short time, and hat the work done reflects credit on the Compissioners. It will be admitted that what has en doue has been done in a very short time; for the Board has not been actually in session much more than one month out of the twelve -Mr. Brewster having been in Philadelphia or much the greater part of the time, receiv ing the salary, but neglecting the duties of his office. It will be proved that of the 365 days for which he will have received his salary, he

of Congress, imperatively demanding the reision of the proceedings of these Commisoners by more independent and trustworthy

It is also a mistake to suppose that "thes questions have been perpetually set at rest," For, if truth and integrity-justice and good faith—are regarded by the people of the United States, the action of Messrs. Brewster and Harden, in the premises, will be revised, set aside and annulled.

WHO WANTS A LOT OF GROUND AT A CHEAP PRICE!—The subscriber has divided his farm and laid off a tract of about 40 acres into lots of from one, twe, four, and six acres each, which he will sell at low prices and on easy ferms, so that it may be within the means of any person to purchase one, and thereby to secure to himself and family a homestead. These lots are handsomely situated in a very healthy location, on a public road, alsout 1½ miles from the Navy Yard Bridge, on the east side of the Anacostia river.

The soil is well suited for garden purposes or the cultivation of fruit trees, and several excellent springs of water are near to them. There is also sufficient wood on each of the lots to enclose them, and timber in abundance can be had in the neighborhood to erect any building at a very low price.

Those wishing to purchase, will do well to apply soon, as they can have a choice of location, &c.

Also, for sale, a one-story log DWELLING HOUSE, with as much land as may be desired, adjoining the above lots, very handsofiely situated, and with a small expense could be converted into a dwelling for two small families.
